Public Works Secretary/Utility Billing Clerk
Rebecca Jones

To: City Council
From: Public Works Department
Date: October 27, 2016
Re: Wayzata Blvd/Superior Blvd Intersection

The Public Works Department and SRF Consulting Group will be making a brief presentation regarding a proposed Wayzata Blvd/Superior Blvd intersection realignment project.

Items to be presented include:

1. Traffic study comparison (2008 HRG/2005 SRF study vs. current SRF traffic counts from 2014)
2. 2008 intersection design and why it was initially suggested
3. Current intersection design and why it is being recommended

Staff also wants to discuss project implementation in relation to other known projects to be constructed in and around Wayzata. These projects include the 2017 MCES project on Shoreline Drive, reconstruction of County Road 112, and the proposed re-decking of Central Avenue bridge by MnDOT in 2019.
