OLD BUSINESS

A. City of Wayzata Charter

- a. Discuss status of the City Council request to look into the Council actions that require a four-fifths affirmative vote of the Council to try to determine the:
 - i. Origin/historical basis for each, to try and determine why do we have the ones we have, such as which are mandated by State law or were based on a phenomenon in Wayzata history**
 - ii. Present recommendations on which actions only need a majority vote versus a four-fifths vote****

Commissioner Day stated that in his research, he found information related to statutes for which lawsuits had occurred. He was not able to find any finite information on why a 4/5 vote would be required. The history of Wayzata and specific circumstances from that time may have led the City and the City Attorney to recommend a majority, 4/5 vote, or unanimous vote for specific circumstance. The Charter Commission's response to the questions presented by the City Council would be with the resources they have available they could not provide a definitive answer. There are guidelines regarding a 4/5 vote in the Statutes but the City can change these recommendations based on their own interpretation. He stated that the recommendations resulted from various lawsuits and Attorneys recommending that cities follow those rulings to avoid a lawsuit. The State does require unanimous votes in regards to eminent domain and street vacations, and there are a couple that are recommended to have a 4/5 vote.

Commissioner Bader asked if the City Attorney would be able to provide a list of actions that the State of MN would require a unanimous vote and what actions would require a 4/5 vote. This would then give the Council the ability to make changes to those actions that do not have a State mandated vote requirement.

City Clerk Malone recommended the Commission consider requesting a joint workshop with the City Council or attending a City Council meeting to present the information they have gathered and request additional direction from the Council.

Commissioner Day stated that an attorney would recommend that a City follow the State's recommendations to avoid any potential lawsuits.

Commissioner Orris stated the City Council has requested that the Commission look into those actions that require a 4/5 or unanimous vote and determine if this would be a State requirement or if there are some actions the City can change the minimum voting requirement for. If there are specific State statutes that establish a voting requirement then the Commission would not need to continue looking into it.

Commissioner Bader stated the City would like to know what specific actions they could make voting requirement changes on and what voting requirements are required by the State and what requirements have been established by the City.

Commissioner Fadden stated based on the research done there are no real definitive answers on what requires a unanimous or 4/5 vote and any voting minimum recommendations have been the result of lawsuits that were filed for a particular action.

It was the consensus of the Commission to request attending a workshop with the City Council to present the current research and let the Council know that the Commission could not make a definitive determination on what was State mandated and discuss having the City Attorney do additional research to make the final determinations and recommendations.

Commissioner Day agreed to summarize the findings and provide this report to the City Council.

Commissioner Fadden stated she would include a report of the actions in the Charter that currently require a 4/5 or unanimous vote.

B. Commission input after review of current charter

None.

OTHER ITEMS:

Commissioner Bader stated she had contacted the Historical Society regarding the past City Charters and they do not have this information.

City Clerk Malone stated in order to determine why decisions were made in the City, the past minutes would have to be reviewed.

Commissioner Bader asked if the City would have the minutes digitized in order to make review and research easier.

City Clerk Malone stated that the City has been working on this project but it is not yet completed.

NEXT MEETING DATE (SPRING 2018 OR EARLIER)

ADJOURN:

There being no further business, Commissioner Day made a motion, seconded by Commissioner Fadden to adjourn the meeting. The motion carried 7/0. The meeting adjourned at 9:52 am.

Respectfully submitted,

Becky Malone
City Clerk
City of Wayzata
