1	Not close enough to business and cold in winter months. Feel like we have good space in the back where clients don't park.	11/4/2019 7:17 PM
2	This decision doesn't affect us and we are too new of a business to weigh in on the issue. Both our customers and employees have ample parking.	11/3/2019 5:26 PM
3	We need that lot we would lose so much business not to mention a lot of city businesses the city would lose a lot of money	11/2/2019 10:39 PM
4	It would be fine for other businesses but not needed at our location. We want our staff to be able to leave and get in their cars right outside of work when it is dark out and not have to walk any distance, especially in the winter.	11/1/2019 8:19 PM
5	Just not needed, for us.	11/1/2019 3:24 PM
6	Our employees park in our own private parking lot.	11/1/2019 2:38 PM
7	Control of access	10/28/2019 2:10 PM
8	We have a ramp attached to our building, so would not want to park off site in a "city ramp".	10/26/2019 8:34 AM
9	Already too little parking for customers	10/25/2019 2:46 PM
10	Parking should be at the library and city offices at evenings	10/23/2019 9:46 PM

#	RESPONSES	DATE
1	People will visit the restaurant if they're is closed parking especially in the colder months.	11/20/2019 1:59 PM
2	Too many street parking spots are taken by local business employees for full day parking, which does not leave any spaces for customers needing short term parking. Retail customers will not park several blocks away and walk to shop in our store. More short term parking spots need to be available for retail businesses.	11/5/2019 11:06 AM
3	During lunch hours 11-2 there is no parking. Our spaces are shared with crisp and green and other businesses so they are always full. The backside and the ramp and street are also full unless you go to the top level of the ramp which is not accessible from the lower level so people don't know to go up there.	11/3/2019 10:02 AM
4	Many guests are not able to find parking during our busy season, and there are lots of people that end up choosing elsewhere to dine because of this	11/3/2019 9:28 AM
5	Not enough parking	11/3/2019 8:14 AM
6	In the summer especially there is not enough parking available due to people parking to meet up with people at the docks and then leave their cars. Also the few parking garages available fill up very fast and then you have to walk quite a distance to get anywhere.	11/3/2019 7:15 AM
7	I have been an employee at CōV since we opened in 2014 and I have noticed more and more complaints about lack of available parking. Our business would definitely do a lot better if we had more available parking for our customers.	11/3/2019 6:09 AM
8	They complain when the parking lot is used for farmers market- or cleaning. When it can't be used it's a huge problem	11/2/2019 10:40 PM
9	We share a public parking lot with several other businesses and our guests are forever saying they couldn't find a spot. There is construction across the street (tore down an old house and building a new multi-unit housing complex) and it's taking more parking away from our guests. During the summer there is a farmers market every Thursday that is very challenging for us--the people who set it up never take down their "parking lot closed" signs, even though the event ends at 6:00. We always have to go out there and move the heavy signs ourselves. We lose that entire parking lot every Thursday and do not see any business from the people who attend the farmers market.	11/2/2019 5:03 PM
10	Guests complain about the lack of parking daily. They tell us if they can't find a spot they go elsewhere.	11/2/2019 12:50 PM
11	parking is already short for the last 35 years I'm involved - the Farmer's market makes it "impossible" for our guests - also visitor are using our rest rooms - because the City does not have any for our fine shore place - our water bill quadruples at these times	11/1/2019 7:45 PM
12	Non Business Violators, for us it is still Mainly Starbucks customers.	11/1/2019 5:22 PM
13	People park in our lot to shop at the retail across the street. Their parking is behind, inside the building and they don't know about it. Ours is more convenient	11/1/2019 4:50 PM
14	My business is destination driven, not so much walk-by. No parking means they just drive to another place with parking. My numbers are way down but my rent / taxes doubled !	11/1/2019 4:45 PM
15	There needs to be more signs along Lake Street that point to the garage parking at the Promenade, near us and the Hotel Landing. There is lots of parking, but we hear all the time the customers don't realize that is all public parking	11/1/2019 4:21 PM
16	There is barely enough parking with the lot open, we receive complaints continually.	11/1/2019 3:40 PM
17	There is a major lack of available parking in and out of season	11/1/2019 3:35 PM
18	The ramps should NOT be paid parking, as no where in the town should be paid parking. Also the Lake effect will impact the parking dramatically. Also the narrowing of the street which is a horrid idea to palate the bikers at the expense of cars and retail and restaurants is outrageous. They can bike anywhere and cars cannot park anywhere.	11/1/2019 3:24 PM
19	During the busiest times, streets and lots nearby are full, so customers do not park to shop. It is not most of the time, but more that only occasionally.	11/1/2019 3:21 PM
20	Customers with reservations will cancel last minute I'd they can't find space. We offer Valet in the winter months	11/1/2019 3:09 PM
21	Its always full	11/1/2019 3:03 PM
22	Our guests use the city lot in front of the restaurant in addition to street parking and city ramps and valet parking. They always complain they cannot find parking or it has taken too long. Many guests are elderly and cannot or do not want to walk from a city ramp and street parking is generally full.	11/1/2019 2:47 PM

Wayzata Parking Survey

23	Due to the cities desire to expand the population in downtown Wayzata, you will have to accommodate many more people (and cars) in the area.	10/26/2019 8:37 AM
24	The Marquee Place Parking Ramp fills up especially during the lunch hour and makes it difficult for my clients, especially for my elderly clients, to locate a close parking space. I do not favor converting the Lake Street parking lot (next to Cov Restaurant) into a Park!	10/25/2019 3:55 PM
25	We are an Interior Design Studio as well as a retail location. When client's are picking up large items, or we're carrying large product/materials in and out of the studio there's no where for us for "loading/unloading" unless there is a close spot. We end having to park in the center lane like the fed ex/ups trucks which means crossing traffic.	10/25/2019 2:58 PM
26	Farmers market on thursdays is stupid and a waste of time. They take valuable parking during the summer season and nobody goes.	10/23/2019 9:48 PM

1	When it gets busy all at once in the Village Shoppes parking lot. Probably from 10:30am - noon and evening sometimes.	11/4/2019 7:18 PM
2	We don't have a ton of business traffic but if we need it during lunchtime it's always a problem. Also the construction from next door and the sidewalk and street lamp project by our back entrance has been a factor.	11/3/2019 10:03 AM
3	Our main parking issue is not having space for our employees to park and limited space for customers to finish up detailing their cars on a busy day.	11/3/2019 7:14 AM
4	I provided several instances	11/2/2019 10:41 PM
5	We need more parking, l'ts not enough with all the businesses and the little parking there is, even with the new ramp	11/2/2019 5:17 PM
6	People that want to shop across the street sometimes park in our lot and don't shop at any of the businesses in our building. The other issue we have with parking is when bridal parties have many people and they all drive separate cars and take up half the parking spots in our lot for guests & staff.	11/1/2019 8:21 PM
